DESIGN AND APPEARANCE

DISTINGUISHED STYLE

With the Q-Series, we've taken style to the next level. With a matt-black chassis finish, hidden wiring and components combined with sharp-tailored upholstery, it's a sleek and a contemporary design with a variety of colours to choose from.

Fancy a change?

A choice of contemporary colour inlays and colour shrouds to perfectly complement its striking matt-black bodywork. Styling your powered wheelchair has never been so simple.

Note: The number of colours available may differ depending on the seat and base combination.

CONTROLS & CONNECTIVITY

VR2 & R-NET ADVANCED JOYSTICKS

The QUICKIE Q-Series wheelchairs come with the reliable VR2 control or the superior R-Net advanced joystick. A large, easy-to-read HD display and simple to control paddle switches allow for intuitive operation. (Depends on model).

ALTERNATIVE CONTROLS

SWITCH-IT INNOVATIVE CONTROLS

Conveniently access your 5 programmable positions with the Ctrl+5 – a perfect combination with Memory Seating (Memory Seating with SEDEO PRO ADVANCED and Q700 UP only). It allows you to go straight to the function you need at the touch of a button.

LINK-IT MOUNTING SYSTEM

Need to use additional switches or special controls? No problem, easily connect them using the universal Link-It mounting system.
